

DIGITAL MEDIA INSTITUTE

An Advance Strategy for Digital
Outreach with the help of Emerging
Technologies

www.centerfordigitalmedia.io

Digital Media Institute is the part of the Center for Digital Media which offers Digital Media Literacy and Digital Media Practices Certification for media practitioners, journalist and students. The mission of the institute is to deliver quality training and hands on experience in application of emerging technologies in Digital Media. Digital Media Research Center publish number of articles and reports in national and international publications. It's dialogue forums give opportunities to the students to learn from global experts in Digital Media. Digital Media Lab is developing various software adds to automate media industry management in an efficient and cost effective manner.
